Auditor's Report: The following is an excerpt from the Report of the Independent Auditors, Beckstead and Watts, LLP, as it appeared in the 2009 8K report:

"In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of KaChing KaChing, Inc. as of December 31, 2009, and the results of its operations and its cash flows for the period from inception (September 17, 2009) through December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 3 to the financial statements, the Company is in the development stage, and is dependent on raising capital to fund operations. These conditions raise substantial doubt about its ability to continue as a going concern. Management's plans regarding those matters also are described in Note 3. The financial statements do not include any adjustments that might result from the outcome of this uncertainty."

NOTE: Above results are those of KaChing KaChing, Inc. before the merger with Duke Mining Co., Inc., effective Apr. 22, 2010.

NOTE: Effective Apr. 22, 2010, KaChing Kaching, Inc. acquired Duke Mining Co., Ltd. ("Duke") with Duke becoming the surviving corporation in the reverse acquisition.

NOTE: The following results are those of Duke Mining Co., Inc., for the year ended Nov. 30, 2009.

NOTE: Pro forma results for KaChing KaChing, Inc. in concurrence with its merger with Duke Mining Co., Inc. ("Duke") follow the results of Duke.

Financing Development: On April 23, 2010, in connection with the Private Placement, Co. issued secured convertible notes in the aggregate principal amount of \$1,255,875. These Notes are due October 23, 2011, and are convertible, in whole or in part, at each holder's option, into shares of Co.'s common stock at an initial conversion price of \$0.30 per share. Co. may prepay 100%, but not less than 100%, of the Notes upon at least 20 days, but no more than 30 days, prior written notice. Should Co., at any time while the Notes are outstanding, sell or grant any option to purchase or sell or grant any right to reprice, or otherwise dispose of or issue any common stock or common stock equivalents entitling any party to acquire shares of Co.'s common stock at a price per share less than the then existing conversion price of the Notes, the conversion price shall be reduced to equal that lower price. Co. is prohibited from effecting the conversion of the Notes to the extent that as a result of such conversion the holder of the Notes would beneficially own more than 4.99% in the aggregate of the issued and outstanding shares of Co.'s common stock immediately after giving effect to the issuance of shares of Co.'s common stock upon the conversion. The Notes provide for interest on the aggregate unconverted and then outstanding principal amount at a rate of 10% interest per annum, payable quarterly in cash or common stock, at Co.'s option. If interest is paid in common stock, however, the shares shall be valued at the lower of (i) the conversion price then in effect or (ii) 90% of the average closing bid price for the 10 day period prior to the interest payment date. The Notes are senior indebtedness and the holders of the Notes have a security interest in all of Co.'s assets.
